

## **SAFETY ON THE WAY TO SCHOOL**

### **Safety techniques for children when going to and from school**

- Look for vehicles in driveways and do not play with toys or balls when walking to school.
- Ensure children know the safest route to school and walk on footpaths.
- Parent /Adult should accompany children walking or riding to school until they are old enough to understand road safety.
- Be alert to “stranger danger” and never accept a ride from someone you don’t know.

### **Cross roads**

- at traffic lights only when the green “walk” sign is showing;
- at pedestrian crossings when vehicles have stopped; and
- at supervised school crossings when the supervisor has signalled it is safe to do so.
